

AMERICAN FENCE COMPANY

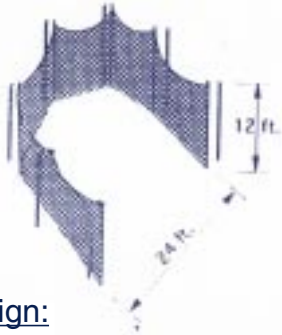

Discus Cages

American Fence Company Discus Cages are constructed with:

Netted Design:

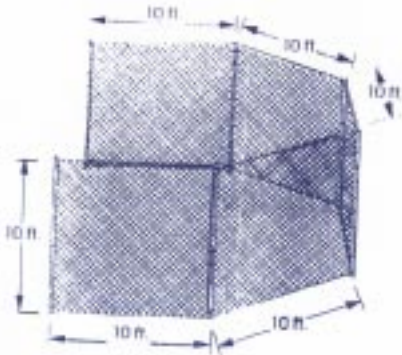

- Includes seven 2 1/2" O.D. heavy weight, galvanized angled posts.
- 60' of 12' heavy duty weather treated nylon netting
- Netting is designed with sheeving, eyelets, and pulley system, providing easy installation and removal.
- Bottom weights not included.
- Six 3" O.D. sleeves for temporary installation.

Sports equipment can be permanently or temporarily installed.

Chain Link Design:

- Post formed of 2 1/2" O.D. heavy weight, galvanized pipe.
- Top and bottom rail are formed of 1 5/8" O.D. heavy weight, galvanized pipe.
- Chain link fabric is a heavy 9 gauge, hot-dipped galvanized after weaving.
- All fittings are steel and galvanized.
- Six 3" sleeves for temporary installation.

All kits are pre-cut, ready to assemble. Easy instructions are available.

All equipment can be manufactured according to customer's specifications.
